S-Network International BlackSwan Index (ISWNXT) – Delayed Rebalance

New York, New York — Fri, Jun 02 2023

The Jun 2, 2023 setting of constituents weights and the Jun 6, 2023 rebalance of ISWNXT will be delayed because the Jun 2024 EFA option, a component of the Jun rebalance, has not been listed by Cboe. VettaFi will announce the new date for setting constituent weights and for the rebalance early next week.

About VettaFi

VettaFi, a data, analytics, and thought leadership company, is transforming financial services from an industry to a community—one relationship at a time. In addition to providing interactive online tools and research, VettaFi offers asset managers an array of indexing and digital distribution solutions to innovate and scale their businesses. With \$14 billion in assets benchmarked to its indexes – and more than 200 customers globally – asset managers look to VettaFi for benchmarks and best-in-class index solutions at competitive prices.
