The VettaFi Developed World Equity Index Family is an index family designed to provide accurate coverage of developed markets. The regional indexes are a composite of their constituent country indexes. The index family is float-market cap weighted and targets each of its countries large midcap market cap space. The VettaFi Japan Large/Mid Cap Index represents the large- and mid-capitalization Japan stocks.

VettaFi, a data, analytics, and thought leadership company, is transforming financial services from an industry to a community — one relationship at a time. In addition to providing interactive online tools and research, VettaFi offers asset managers an array of indexing and digital distribution solutions to innovate and scale their businesses. With billions in assets benchmarked to its indices — and more than 200 customers globally — asset managers look to VettaFi for benchmarks and best-in-class index solutions.

It is not possible to invest directly in an index. Index performance does not reflect the deduction of any fees or expenses. VettaFi does not sponsor, endorse, sell, or promote any investment product linked to or based on the VettaFi Japan Large/Mid Cap Index. Performance is provided on a total-return basis. Correlation is based on monthly data over the trailing 120 month period. Percentage of positive months, standard deviation, value of \$1,000, and Sharpe ratio comparisons are based on monthly data over the trailing 120 month period. The VettaFi Japan Large/Mid Cap Index is the exclusive property of VettaFi, which shall have no liability for any errors or omissions in calculating the Index.
